THE CENTRE RELAUNCH THE HISTORY OF RANDBURG SQUARE THE SHOPS STORE LISTING

THE CENTRE RELAUNCH!

Randburg Square which started a series of renovations in July 2011, is now seeing the final phases of the new project. The completion deadline was set for September this year. The mall upgraded its facilities in order to improve the shopping experience for its valued customers.

New flooring, new lighting and wider walkways are some of the features that Randburg Square will be offering its customers in the future. Some stores within the mall have also been re-configured in some way, ensuring the best possible shopping experience.

"We are confident that the enhancements and latest offerings will attract new customers to Randburg Square, as well as impress our existing loyal customers," says JHI portfolio manager Simone Homan.

The mall is owned by Vukile Property Fund Ltd and managed on their behalf by JHI (Pty) Ltd.

The highly anticipated launch is set for October this year and has been given the theme "Full Colour Living". This theme is all encompassing of not only the new and exciting additions to the mall, but also attributing to the positive outlook that Randburg Square has on its future in the community. The mall is celebrating 35 years of being a shopping experience provider to the Randburg area.

A grand finale for the exhibition is planned, whereby a live lifestyle show will be on the closing Friday afternoon, 11 October 2013 of the exciting exhibition week.

The transition to "Full Colour Living" includes a two month shopper competition with a grand prize of R35 000 in shopping vouchers to be won. The competition will run from 1 October to 24 November 2013. The winner of the competition will be announced on 29 November 2013 at the 35th Birthday Cake-Off competition.

Full colour Living

The events will commence with an exciting pre-launch function that will be held for Randburg Square owners, management, tenants and local media. A full week lifestyle exhibition from 5-11 October 2013 will showcase the variety of products and offerings in the mall stores that are available to customers. The exhibition categories will include: fashion, beauty, home décor and food, and will be focused on the entire family.

The launch is an opportunity to reposition the centre as a brand in the minds of its consumers. The newly revamped building, modern stores and an excellent store and tenant mix will ensure a positive new chapter for shoppers who expect customer satisfaction.
