Make it personal this Valentine's Day

Saturday 14 February is a world-wide celebration of love, romance, chocolates and... flowers! Here are some great ideas for turning this year into something more personal:

1. Move it to another day
 - 14 February means over-full restaurants & movies.
 - Send your loved one an invitation and move it to the previous or next weekend and enjoy your space.

2. Plan a whole day of his/her favourite activities and throw in some surprises too!
 - From a picnic, a walk through a park or Randburg Square, or an art gallery visit, to sharing a coffee and shopping for food and cooking for each other... think quality time.

3. Write something on paper
 - Put pen to special paper, and write something personal.
 - E.g. Memories you share, words that describe her/him, or try a poem (hint: poems don't always need to rhyme!)
 - Not on a mobile device...

4. Make something
 - Anything. Even a paper jet with his/her name on it...
 - A paper flower
 - 14 (or any number of) special notes left for her to find on the day.
 - Stick them everywhere! The bathroom mirror, car window, inside the fridge, on the cereal, on the coffee...

The Easter Bunny was here

Is Easter the greatest excuse for eating chocolate known to humankind? Probably! Let's ditch the choccie calories and get original.

Easter symbolises new life, and using a Bunny as our theme, we show you how to bring new life into old things by Upcycling and Recycling.

1. Choose a Bunny outline.
2. Trace the shape onto cardboard or thin plastic. You now have a stencil.
3. Cut Bunnies out of:
 - Cardboard – hang this around your house
 - Pretty fabric – use as place settings at your Easter table
 - White paper – create a border

Happy New You!
